Subject: Landscape Management Plan for Ardglun Quarry (MP06_0264)

Dear Mr. Robinson

I refer to your submission requesting review and approval of the Landscape Management Plan (LMP) for construction and operation in the existing quarry footprint. I also acknowledge your response to the Department's review comments and requests for additional information.

I note the LMP has been prepared in consultation with the Biodiversity and Conservation Division and the Department and contains the information required by the conditions of approval.

Consistent with approved staging, Revision V8 of the LMP addresses the construction and operation activities within the existing quarry footprint. As nominee of the Planning Secretary, I approve the LMP (Rev V8, August 2023) under Schedule 3 Condition 27.

Please note:

- Consistent with approved staging, a revised Rehabilitation and Biodiversity Offset Management Plan must be submitted and approved prior to any works in the extension area.
- No works are to be undertaken in the Extension Area until Buttai Gravel has secured long term security of the Offset Areas.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Wayne Jones on (02) 6575 3406.

Yours sincerely

Jessie Evans
